

pht151

**College of Pharmacy and Health Sciences****Course Syllabus****PHT151 - Pharmacotherapeutics II****Credit Hours: 4 - Not Designed to Transfer****Course Description**

This course will continue the concepts introduced in PHT 150. This course will explain the use and side effects of prescription and non-prescription medications, and alternative therapies used to treat common disease states. After this course, students will be able to list therapeutic effects, adverse effects, brand/generic names, dosage forms, route(s) of administration, drug interactions, contraindications, proper storage, and doses of various medications.

Course Prerequisites

PHT150

Student Learning Outcomes

Upon completion of this course, students will be able to:

- Define the terms pharmacology, pharmacotherapeutics, pharmacokinetics, and pharmacodynamics.
- Discuss the difference between the generic name and the brand name of a drug and what the criteria is for a generic drug to be bioequivalent to a brand name drug.

Assessment of Outcomes

Specified on the course schedule/outline

Grading System

Letter Grade	Range	Definition
A	90-100	Excellent
B	80-89	Above Average
C	70-79	Average
D	N/A	N/A

Letter Grade	Range	Definition
F	0-69	Failing
W	—	Withdrawal during weeks 1 - 7
WF	—	Withdrawal failing after week 7
NF	—	Failing – Not actively engaged

For more details about the Grading System, please see the current catalog.

Active Participation

Students must be actively engaged in the course. For a definition of active engagement, please see the current catalog.

Academic Integrity

Cheating and plagiarism are serious offenses against the University's academic integrity and are consequently strictly prohibited. All students must familiarize themselves with the University policy on Academic Integrity.

Penalties for cheating and plagiarism are described in the University policy on Academic Integrity in the catalog. They include failure of the assignment, failure for the course, or dismissal from the University. For the complete Cheating/Plagiarism policy, please see the current catalog.

Students with Disabilities

Students who have disabilities that may impact their performance in this course should follow the process described under the heading Accommodations for the Disabled in the current catalog.
